Scrutineering Check List

Scrutineering is taken to mean a 'casual inspection of the blatantly obvious by an appropriate experienced person'.

Scrutineering Check List:-

1. Scrutineering will consist of a visual inspection as to the preparation and presentation of the vehicle, and its suitability to participate in the activity to be entered.
2. The scrutineer may visually check the wheel and tyre fitment and their suitability.
3. The scrutineer may visually inspect seating and safety equipment to ascertain suitability and installation.
4. The scrutineer will visually inspect the vehicle for obvious short comings with regards to its construction and modifications likely to cause, or fail to reduce, harm to the driver, passengers, participants and others.
